N O T I C E

Our prices are all below the average market and we are making all shipments C.O.D. in order to eliminate bookkeeping overhead and giving our customers the benefit of savings for CASH.

While we exercise every possible care in the selection and packing of stock, we hold ourselves in no way responsible, expressed or implied for the safe arrival of goods after delivery to Express Company. Claims, if any, must be made on day of receipt.

Kindly give shipping instructions with all orders, stating whether American or Southeastern Express.

All orders accepted subject to market conditions.

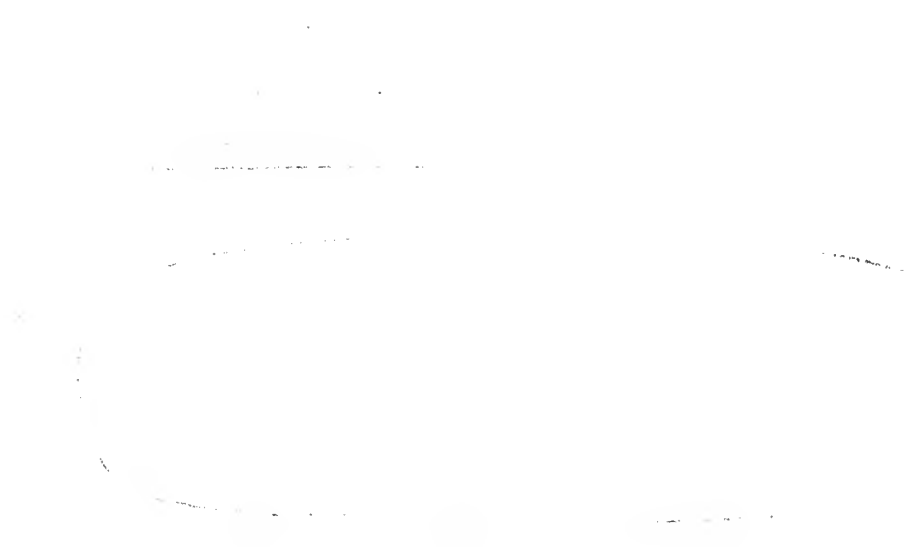

Figure 1: A diagram showing two circles of different sizes. The larger circle is centered at the top, and the smaller circle is centered at the bottom. They are positioned such that they are tangent to each other at a point on the left side. The circles are drawn with a light, sketchy line.

Figure 2: A diagram showing a grid of dots.

The grid of dots is arranged in a regular pattern, with dots spaced evenly in both horizontal and vertical directions.

The dots are arranged in a rectangular array, with the number of dots in each row and column being equal.

The grid of dots is shown in the center of the page, with the dots arranged in a regular pattern.

The dots are arranged in a rectangular array, with the number of dots in each row and column being equal.
